DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

1. Claims 1-34 are rejected under 35 U.S.C. 102(e) as being anticipated by Kong (US 6,544,601).

With regard to claims 1-34, all of the claimed limitations are taught either explicitly or inherently by the combination of Kong. Kong discloses reusable print media which has physical properties that can be altered by a physical technique to display a desired image then the physical technique can be reversed or other wise altered to reuse the media and printing system that affects the changes (please note: (col 6, line 21 - col 10, line 58)).
